**DIRECTIONS FOR USE:**

Situation	Application Rate	Critical Comments
Misting Machine	1-2 L/ha	Use higher rate with high dose rate products and mixes
Orchard Spraying	150-200mL / 100L 1.5 – 2.5 L/ha	High volume spraying Low volume spraying
Vegetable Spraying	150-200mL / 100L	
Hand Gun	200mL / 100L	Spot spraying
Knapsack	20 – 30mL / 10L	
Aerial CDA or ULV	1 – 2 L/ha	
Boomspray	200-500mL / 100L	Use higher rate with high dose rate products and mixes

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**GENERAL INSTRUCTIONS:**

EXTEND OIL will enhance the performance of agricultural and horticultural sprays by increasing droplet deposition and retention. As a result pesticide performance is enhanced and rainfastness is improved. EXTEND OIL is non-phytotoxic at recommended rates and is compatible with most commonly applied agricultural chemicals. It can be used with most herbicides, insecticides, fungicides and other foliar sprays.

**MIXING:**

Half fill the spray tank with water and all other ingredients under agitation. Add required amount of EXTEND OIL. Place hose below water line and top up tank with water and continue agitation until all ingredients are fully dispersed. Pre-mixing with the pesticide is not required.

**COMPATIBILITY:**

ChemAg EXTEND is compatible with a wide range of pesticides and will enhance efficacy to a varying degree depending on the particular pesticide class.

**CAUTION:**

Always check the pesticide label before the addition of EXTEND OIL, as there are a wide range of potential combinations, test by application to a small trial area before undertaking full scale spraying for safety on non-target plant species. At high rates particular care must be taken when used with selective herbicides and under conditions of high temperature or humidity.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:**

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

**STORAGE AND DISPOSAL**

Keep out of reach of children. Store in closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should NOT be burnt.

**Returnable Containers (1000L):** Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

**SAFETY DIRECTIONS:**

Avoid contact with skin and eyes. Wear overalls, rubber gloves, goggles or disposable face shield. After each day's use, wash contaminated clothing, gloves and face shield with soap and water.

**FIRST AID**

If poisoning occurs, contact a doctor or Poisons Information Centre. (Phone 131 126)

**MATERIAL SAFETY DATA SHEET**

Additional information is listed in the Material Safety Data Sheet available from ChemAg Pty Ltd.

**CONDITIONS OF SALE**

"ChemAg Pty Ltd ("ChemAg") shall not be liable for any loss injury damage or death whether consequential or otherwise whatsoever of howsoever arising whether through negligence or otherwise in connection with the sale supply use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on ChemAg's skill or judgement in purchasing or using the same and every person dealing with the product does at his own risk absolutely. No representative of ChemAg has any authority to add to or alter these conditions".
