

STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well-ventilated area. **DO NOT** store for prolonged periods in direct sunlight.

All Pack Sizes unless otherwise stated

Triple rinse containers before disposal. Add rinsings to spray tank. **DO NOT** dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. **DO NOT** burn empty containers and product. **DO NOT** re-use empty container for any other purpose.

Bags

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake bag contents into spray tank until the bag is empty. **DO NOT** dispose of undiluted chemicals on-site. Break, crush or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. **DO NOT** burn empty containers or product.

SAFETY DIRECTIONS

Harmful if swallowed. May irritate the eyes and skin. Avoid contact with eyes and skin. **DO NOT** inhale spray mist. When using together with other products, consult the label safety directions. When opening the container and preparing spray wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), elbow-length chemical resistant gloves. When using the prepared spray wear cotton overalls buttoned to the neck and wrist (or equivalent clothing). After use and before eating, drinking, or smoking, wash hands, arms, and face thoroughly with soap and water. After each day's use, wash gloves and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (*Phone Australia 13 11 26; New Zealand 0800 764 766*).

Refer to attached Leaflet for additional GHS Hazard & Precautionary Statements.

SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet, which can be obtained from your supplier or from our website at www.imtrade.com.au

CONDITIONS OF SALE

RESTRAINTS

SPRAY DRIFT RESTRAINTS

Specific definitions for terms used in this section of the label can be found at www.apvma.gov.au/spraydrift

- **DO NOT** allow **bystanders** to come into contact with the spray cloud.
- **DO NOT** apply in a manner that may cause an unacceptable impact to **native vegetation, agricultural crops, landscaped gardens** and **aquaculture** production, or cause contamination of plant or livestock commodities, outside the **application site** from **spray drift**. The buffer zones in the relevant buffer zone tables below provide guidance but may not be sufficient in all situations. Wherever possible, correctly use application equipment designed to reduce spray drift and apply when the wind direction is away from these sensitive areas.
- **DO NOT** apply unless **wind speed** is between 3 and 20 kilometres per hour at the **application site** during the time of application
- **DO NOT** apply if there are **hazardous surface temperature inversion conditions** present at the **application site** during the time of application. **Surface temperature inversion conditions** exist most evenings one to two hours before sunset and persist until one to two hours after sunrise.

DIRECTIONS FOR USE

Crop	Disease	Rate	WHP	Critical Comments
Onions	White Rot	415g/ha	28 days	Apply 6-8 weeks after planting, then 2 further applications at 3-4 week intervals. The use of a suitable seed treatment is recommended.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

WITHHOLDING PERIODS (WHP):

Harvest

Onions: DO NOT HARVEST FOR 28 DAYS AFTER APPLICATION.

EXPORT OF TREATED PRODUCE

Growers should note that Maximum Residue Limits (MRLs) or import tolerances do not exist in all markets for Onions crops treated with TUTOR® 900 WG. If you are growing Onions for exporting, please check with Imtrade CropScience for the latest information on MRLs and import tolerances **BEFORE** using TUTOR® 900 WG.

GENERAL INSTRUCTIONS

TUTOR® 900 WG is a broad spectrum, systemic, foliar fungicide that is quickly taken up by plants and translocated within the plant. Because of its systemic activity, TUTOR® 900 WG is less affected by rainfall or irrigation than contact type fungicides.

MIXING

Half fill the spray tank or vat with clean water. Then add the required amount of TUTOR® 900 WG with the agitator going and top up the tank with water. Agitate thoroughly prior to and during spraying.

COMPATIBILITY

TUTOR® 900 WG is compatible with Agridex®, Antracol®, Fruvit®, Morestan®, Nitofol®, sodium molybdate, white oil, misting oil, water miscible oil.

As formulations of other Manufacturer's products are beyond the control of Imtrade CropScience, all mixtures should be tested prior to mixing commercial quantities. As changes in climatic conditions can alter the sensitivity of plants to mixtures of sprays, Imtrade CropScience cannot be responsible for the behavior of such mixtures.

FUNGICIDE RESISTANCE WARNING

GROUP 3 FUNGICIDE

TUTOR® 900 WG is a member of the DMI group of fungicides. For fungicide resistance management, TUTOR® 900 WG is a Group 3 Fungicide. Some naturally occurring individual fungi resistant to TUTOR® 900 WG and other Group 3 Fungicides may exist through normal genetic variability in any fungal population. The resistant individuals can eventually dominate the fungal population if TUTOR® 900 WG and other Group 3 Fungicides are used repeatedly. These resistant fungi will not be controlled by TUTOR® 900 WG and other Group 3 Fungicides, thus resulting in a reduction in efficacy and possible yield loss.

Since the occurrence of resistant fungi is difficult to detect prior to use, Imtrade CropScience accepts no liability for any losses that may result from the failure of TUTOR® 900 WG to control resistant fungi.

PRECAUTIONS

Re-Entry

DO NOT enter treated areas until spray has dried.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

Toxic to aquatic life.

DO NOT contaminate wetlands or watercourses with this product or used containers.

STORAGE AND DISPOSAL

The method of disposal of the container depends on the container type. Read the Storage and Disposal instructions on the label that is attached to the container.

Store in the closed, original container in a cool, well-ventilated area. **DO NOT** store for prolonged periods in direct sunlight.

All Pack Sizes unless otherwise stated

Triple rinse containers before disposal. Add rinsings to spray tank. **DO NOT** dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. **DO NOT** burn empty containers and product. **DO NOT** re-use empty container for any other purpose.

Bags

Store in the closed, original container in a dry, cool, well-ventilated area, out of direct sunlight. Shake bag contents into spray tank until the bag is empty. **DO NOT** dispose of undiluted chemicals on-site. Break, crush or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. **DO NOT** burn empty containers or product.

SAFETY DIRECTIONS

Harmful if swallowed. May irritate the eyes and skin. Avoid contact with eyes and skin. **DO NOT** inhale spray mist. When using together with other products, consult their label safety directions. When opening the container and preparing spray wear cotton overalls buttoned to the neck and wrist (or equivalent clothing), elbow-length chemical resistant gloves. When using the prepared spray wear cotton overalls buttoned to the neck and wrist (or equivalent clothing). After use and before eating, drinking, or smoking, wash hands, arms, and face thoroughly with soap and water. After each day's use, wash gloves and contaminated clothing.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. (*Phone Australia 13 11 26; New Zealand 0800 764 766*).

Additional GHS Hazard & Precautionary Statements

- May damage fertility or the unborn child;
- May cause harm to breast-fed children;
- Toxic to aquatic life with long lasting effects;
- DO NOT** breathe dusts;
- DO NOT** get on clothing;
- Avoid contact during pregnancy or while nursing;
- Wash contact areas thoroughly after handling;
- DO NOT** eat, drink or smoke when using this product;
- Brush off loose particles from skin;
- IF SWALLOWED:** Call a POISON CENTRE or doctor if you feel unwell;
- IF SWALLOWED:** Rinse mouth. Do **NOT** induce vomiting;
- If exposed or concerned: Get medical advice;
- In case of fire: Use carbon dioxide, dry chemical foam, water fog to extinguish;
- Store in a dry place.

SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet, which can be obtained from your supplier or from our website at www.imtrade.com.au
